

St. Cornelius Office of Faith Formation
Pathways Family Faith Formation – Registration Procedures 20/21
All Participants, Grades 1 – 8*

*This year has brought many challenges and uncertainties, which have affected all of us. Due to the Covid-19 Pandemic we will proceed with a new style of home-based, parent led, faith formation, called **Pathways**. We will facilitate this family-based process, supplying curriculum, materials, support, and monitoring progress. Mass attendance, family gatherings and community events will be a part of the family faith journey, always within the possibilities allowed by the virus restrictions. Each family's participation will look a little different, essentially custom built to your family and your children. We are very excited about this process and its potential for helping the whole family come closer to Jesus. Please complete the registration forms and return as soon as possible. You will be contacted upon receipt to establish your family's pathway. Calendars and parent meeting information will be sent home via email.*
